

# Vincent Re

Front-End Developer

Detail-oriented, multi-faceted web developer dedicated to writing valid, semantic, cross-browser compatible markup from the ground up. When I'm not coding the night away I catch up on my netflix queue or scrobble more music to last.fm.

## Skills/Loves

- // XHTML/CSS3/HTML5
- // Photoshop CS3+
- // WordPress
- // W3C standards
- // Javascript/jQuery
- // PHP
- // SVN

## Software I know/Use

- // Coda, TextMate, etc.
- // Adobe Creative Suite 3+
- // Strong Mac and Windows 95+ exp.
- // Microsoft Office

## Experience

// Front-End Developer/Designer at [EmbanetCompass](#) : Nov 09 - present

1 of 3 on the Production team, responsible for building and editing our schools various pages and promotional materials (ie. websites, landing pages, banners, brochures, etc).

Projects I've worked on recently:

- // <http://online.ccj.pdx.edu>
- // <http://arteducation.bu.edu>
- // <http://online.fhchs.edu>

// Front-End Web Developer at [StudioAKT](#) : Nov 08 - Aug 09

Responsible for converting website mockups from psd to XHTML markup for various record labels, clothing companies and bands. I worked with one other person, the back-end programmer.

A couple projects I worked on:

- // <http://studioakt.com> (company portfolio)
- // <http://districtlines.com>
- // <http://runmyshop.com>

//// You can **check out** more of **my work** on my portfolio: <http://vincentmre.com>
